THUVAKKAM
Reg. No: 131/2014 Exceeding Limits

25th May, 2021

Professor Dr. S. Raja Samuel,
Principal - Madras School of Social Work (MSSW),
32, Casa Major Road, Egmore,
Chennai – 600 008, India

Dear Professor Dr. S. Raja Samuel,

The purpose of this letter is to confirm our collaboration in the fieldwork internships (block as well as concurrent) for the Social work interns from your esteemed institution. Students who are taken as interns till date, have been engaged on various social initiatives and community developmental programs pertaining to Environmental and humanitarian issues.

Thuvakkam is a Non-Governmental organization working on the fields of environment, education and humanity from the year 2014 to build a better society. The organization which was started out initially by a group of college going friends has now transformed into grass-root level organization working across Tamilnadu for sustainable environment and upliftment of people. With volunteers, members, partners and supporters across globe, Thuvakkam is creating change day by day for a better society.

We are happy to have had the opportunity to take in students with bright minds and great passion towards the overall country's development and societal wellbeing. We are looking forward towards more such collaborative internships, projects and programs which can be put into use for the greater good of the world, for students are the leaders of our future world.

For Thuvakkam,
Sincerely,

THUVAKKAM WELFARE ASSOCIATION Chennai 600 004
