Dear Dr. John,

Thank you so much for attending our recent Critical Incident Stress Management (CISM) training in Dubai from 29-30 January. We hope that the two courses we studied, Advanced Group Crisis Intervention and Advanced Assisting Individuals in Crisis will benefit you and your students. Please know, you greatly added to everyone's learning. If your time allows, it would be wonderful to have you in any future classes that we teach. Until then,

Warmest regards,
