A handful of highly achieved guest speakers orated about their experiences as rotaractors, the service that they did and are doing for the society, how rotaract was helpful for them and how it was a big breakthrough in their life. The ideas that helped them to instigate an event for the development of the community was very simple but the impact that their event made was enormous and special. One of the speakers was Ms.Sudha who is a transgender, she has received a plenty of awards and she's renowned for her community service, her life experience was very desolated because of the social stigma but the silver lining is the way she vanquished the social stigma became a respectable person in same society which didn't accept her initially. Rotaractor Mr.Sathya was also one of the speakers and he spoke about the few of many initiatives that was taken by him which made a big impact in the society and his life. The speech's of all speakers was very motivating and gave a lot of insights for the rotaractor in the field of community service.

Rtr. J.Indra Priyadharshini - Professional Service Director of MSSW:

I've been to Stella Maris on September 22, 2019. I've attended the orientation in the morning, we had a really good warm up session initially. It was good to meet various PSDs from different college. We came to know about the workings of different clubs. Then we had a separate session for PSDs and it was so motivating and inspiring to do more and work more on Rotaract. They explained us the real purpose of our duties. We again had a lot of warm up sessions and we had speech from speakers, which was so motivating. At the end of the day, we had all our doubts cleared about how and what we have to do.

Rtr. Nithya — Club Service Director of MSSW:

Then we the club service directors are asked to assemble in the auditorium. Mr. Pascal Xavier came to lead us. Nearly 47 club service directors from different colleges came to attend the event. We divide ourselves into 4 teams and also named it according to the instruction given by Mr. Pascal. We did many activities such as chain run, constructing things by using torch lights and so on. Every activity teaches the roles and responsibilities of club service director. Then the session came to an end with the vote of thanks and the events concluded. It's really a enjoyable and learning session for all of us. We the directors were able to create a good interpersonal relationship between us.

Rtr. Megha — Sergeant At Arms of MSSW:

Rtr. Bharati was the coordinator of the SAA. The workshop started with the introduction of the participants. The speaker spoke about the various roles and duties of SAA.
