Dear Madam,

Greetings from ARUWYE! I would like to take this opportunity to introduce you to our work and explore opportunities of collaboration.

Auxilium Rural Under-Privileged Women and Youth Empowerment (ARUWYE) is a not for profit registered Society which is committed to enhance the capacities of the marginalized women, children and youth towards attaining integrated and sustained development. The **Workplace Readiness Programme** is a joint venture in partnership with 'Quality Education and Skills Training (QUEST) Alliance', A not for profit trust that focuses on research-led innovation and implementation of high-impact projects in the field of teaching and learning.

Workplace Readiness Program: This resource is based on the belief that students who learn about Workplace skills and how to apply them will be able to make choices that will affect their lives and communities in positive ways. The accomplishments and contributions which result from the use of Life skills, Communication skill, Team Building and Manageability skills will lead to the life-long development of self-worth, an improved level of personal and inter-personal understanding, and constructive involvement with others towards career building and professional life. ARUWYE has 10 years of experience and credibility in designing, implementing and reporting, Education and Skills Training projects.

I would request for a meeting in person for us to discuss synergies further and explore ways of working together.

Regards,

Sr. Arokia Mary Selvi

Director, ARUWYE
