To

The Principal,

Madras School of Social Work.

Egmore, Chennai-600008

Sub: Acknowledgement letter for collaboration

Dear Sir,

Greetings from Real Charitable Trust(RCT) Chennai !

The Real Charitable trust is a nonprofit registered organization working for the cause of rights of children and environment in Chennai city. RCT works in collaboration with State Government Departments, Greater Chennai Corporation and various other civil society groups in the areas of Child Rights and Holistic Development of Children, protecting environment through Solid Waste Management, a forestation, community cleanliness and hygiene programs, empowerment of women through Self Help Groups (SHG).

RCT is very happy and great full to be collaborating with Madras School of Social Work on the student internship program for the past 5 years. The partnership has been very contributory for both RCT and for the learning experience of social work students from MSSW.

The internship program enables the social work students to work with on Life Skill Education among children and youth in slum areas of North Chennai, Community College program in Central Jail, Elderly care program in Chennai slums, Environment Protection Program and Women Empowerment program in Chennai slums. The students also learn and contribute in Participatory Planning Monitoring and Evaluation of the activities of RCT. The student's contribution towards documentation of activities is commendable.

The collaboration between RCT and MSSW is very helpful and fruitful for both. RCT is looking forward to continue the association with Madras School of Social Work in the student internship program.

Thanking you,

Yours faithfully,

Executive Director
