Dr.P.Mohana,
HOD – P.G. Department of HRM,
Madras School of Social Work,
Chennai, Tamilnadu – 600008

Respected Ma'am,

At the outset, let me thank you for inviting us to the college and allowing us to present to your students. As discussed, we would like to get into a collaborative understanding to support the college and the students.

We would like to offer the following to the College:

- Free Access to the Global Zaphire App to the students
- Free Video Resume for all students
- Free Yearly Training of One day for the Final year students
- Invitation to Zaphire Jobs Fairs, Learning Events, and Seminars
- Access to Internship and Job Placement programs across the world

We request the following support from you for us to enable the above support.

- Nominate a Student Ambassador Intern each year for our Organization. This will be a yearlong engagement, and you can choose either one student for the entire year or one student for a half year each to give more than one student opportunity.
- We will present the Zaphire App to the students and enable the interested students to download the app and develop their Video resumes.
- We would like to be invited to college job fairs, conferences, and placement events, as applicable, to participate.
- We will be sharing on our App and Website about the collaborative agreement with MSSW.

Thanks again for the opportunity, and I look forward to progressing to the next steps.

Ragland Thomas G, Managing Director - India
