Respected Sir,

Trust all is well with you and the staffs at MSSW.

As you are aware, Emerson is a US MNC, a manufacturer of control valves manipulating a flowing fluid, such as gas, steam, water, or chemical compounds. We help customers in the world's most essential industries solve the biggest challenges of modern life. Every day, our global workforce fulfills our unified Purpose. We drive innovation that makes the world healthier, safer, smarter and more sustainable.

With this short note, we are pleased and happy to have collaborated with the students at MSSW in their fieldwork internships, both block as well as concurrent. Students inducted as interns till date have been engaged on various verticals of Human Resource functions such as Learning & Development, Recruitment and Selection processes, and HRIS. I'm indeed thankful to the students for being resourceful to our organization, their extraordinary participation, collaboration with the organization needs and leadership competencies exhibited are much appreciated by all.

I'm very sure that all their learning experience during their field work, will reach out to be successful projects in future when they grow up to be Human Resource professionals in any industry. We are also thankful to the staffs and management at MSSW for their support and we look forward to being associated with MSSW in the future too.

Thank you

For Emerson Process Management Chennai Private Limited

Sincerely,

A Anbu
