**Report of the Programme :**

Interview

The trainer shared tips for interview:

- ✚ Have resume ready and know it well
- ✚ Formal dress for both gender, preferably light colored
- ✚ Be at the venue well in advance which would avoid last minute chaos

The trainer also shared tips on how to express about oneself, about strengths, weakness and also answered the probable questions.

Communication

The trainer then handled a session on communication and broke various myths prevailing.

- Communication is not all about English; English is just a language
- Don't impress; only express
- Mother tongue influences transliteration especially article usage and pronunciation
- We all communicate visualizing pictures and not the words
- There is no need to master a language; it will happen naturally
- Body language is very natural. It is a reflection of attitude.
- Body language constitutes 55% of a person's communication, 38% by voice and 7% words.
