Report of the Soft Skills:

The session for the final day focused on "Goal Setting" and began with problem solving exercise assigned by Mr. Amarendran to the groups. The exercise was a memory game, where 50 items were displayed on the screen for 50 seconds and the students had to write down the images they have seen by revising their memory. Definition of Goal, what one wants to be, where one wants to reach, expectations and desired future were explained along with the need for productivity. Need for prioritization was explained through presentation of activity, priority and definition of SMART goal. The session was concluded with smart goal presentation in pictorial or word form by various groups of students. The doubts were clarified by the faculty on presentation. The day concluded with a written test.
