SOFT SKILLS REPORT

Title of the Programme : Project Cycle Management and Advocacy

Date : 21/01/2019

Name of the trainer : Mr.Rayan

Total no of Students attended : 27

Report of the programme :

The session on “Project cycle Management” began with the students from Community development and Medical and psychiatry specializations. To begin the session, the resource person conducted an ice breaker to involve the students followed by which a small introduction was given by the students on their background and the passion that they had to choose social work as a career.

To make the session more interactive and participative, the trainer posted 3 questions to the students related to the day’s session which will cover the expectation of the student trainees from the trainer. The questions are:

- What you already know about Project Cycle Management?
- What do you want to know about Project Cycle Management?
- Expectations in general?

The student trainees were split into various groups and their expectations was written on the chart and pasted on board. After which the trainer explained all the expectations that was listed from the students and explained each point with his practical exposure.

Another activity was conducted on untying a thread. Then the student trainees were put into 4 different groups to carry out an activity where they have to construct using the resources which include Paper, Scissors and tape. They were also told the criteria for selection so that they are included while doing the activity. After the instructions, the students dispersed for break.

The second session began given for the teams to finish the activity where one person in each team will be documenting the work and submitting it to the trainer. The main aim of the activity was to apply those that was learned in the previous session. After the completion of the activity the teams were evaluated.
