To

All Faculty

PI find attached a govt circular to ban use of single use plastic products. Kindly ensure that for all programs of your department you avoid single use plastics such as plastic cups for tea/water, plastic covers, plastic plates, plastic sheets on food plates etc.

Promote the use of paper / jute or any bio-degradable / recyclable materials in the campus.

The Eco-club will come up with a list of such materials and also provide details of where such material will be available.

Dr. S. Raja Samuel
Principal
Madras School of Social Work
