Per Day Average - footfalls of students & staff	238
Per Day Average - Online Access – NLIST *(Per day downloads = 817)	2
Per Day Average of physical and online access by students and staff	240 (238+2)

Formula:

$$\frac{\text{Number of teachers and students using the library per day}}{\text{Total Number of teachers and students}} \times 100$$

$$\frac{240}{843} \times 100 = 28.46\%$$

*E-resources downloaded from NLIST online access

Method of Computing:

1. Per day average of physical access of library by students and staff (237.6) was calculated based on the visits made by students and staff during 20th, 23rd, 24th, 27th, 29th and 30th Sep.2019.
2. Per day average online access (NList resources) was calculated based on the data available for the month of September 2019.
3. The year 2019 has only NList for online access. NList counts many logins of the same user in a month as one user only. Hence the online users for the year 2019 were less.
