### 7.1.10 Report on the student attributes facilitated by the Institution

Our college vision is to transform the human potential into socially sensitive change agents for sustainable development. The college vision is imparted to students through curricular and extracurricular Modes. MSSW offers practice oriented experiential transformative process of learning and multidisciplinary approach that facilitates to creates outstanding professionals and transformational leaders. Academic facilitation includes field internships, rural camps, soft skills, certificate courses, out-bound trainings, and internal and external assessments. Extracurricular modes of learning provide opportunity for students to get hands-on experience for developing themselves as socially sensitive and responsible change makers.
